Hoax Used To Get Moving Pictures Of Alouettes, Riders

MONTREAL, Nov. 23.—(CP)—Motion pictures of the first Ottawa-Montreal Big Four football playoff game were taken by subterfuge, through unauthorized use of a nationally-known company's name, for Calgary Stampede, the Canadian Press learned today.

The trick came to the attention of the vice-president of the company, a former Big Four coach himself.

He immediately telephoned coach Low Hayman of the Alouettes and told him the job done by Associated Screen News was entirely without authorization by his company, and that Associated Screen News likewise had no knowledge of the subterfuge.

CONSUL GENERAL A. WARD. . . Expelled from Canada.

Reds Expel Angus Ward

WASHINGTON, Nov. 23.—(CP)—Angus Ward, American consul general in Montreal, was expelled from the Communist Party of Canada today.

The state department said a Chinese Communist people's court at Mukden, Manchuria, convicted Ward and his associates of beating a Chinese and gave them prison sentences, but the court immediately was reversed.

The state department said it was not possible to remove a default resulting from transportation operations.

Sask. Brief Calls For National Help

OTTAWA, Nov. 23.—(CP)—Saskatchewan today called for nationally-subsidized reductions in freight rates on rail traffic moving into or out of the prairie provinces.

Declaring transportation costs the hardest at the commission on transportation that area is entitled to at the least as much relief as the eastern seaboard provinces get under the Maritime Freight Rates Act of 1927.

Egg Prices Drop in City

The past two days have seen a 10-cent drop in the price of grade A large eggs in Edmonton, with the reduction has been from seven to 10 cents in other western cities.

First quality eggs in cartons today are 39 cents a dozen, medium 35 cents and pullets 48 cents.

The price level broke last week at Calgary where stocks became top heavy.

An Edmonton poultry products official said today that further price reductions are possible due to the present heavy stocks on hand.

Price in producers of eggs in southern Alberta dropped substantially yesterday.

New price for grade A large is 46 cents; grade A medium, 44 cents; pullets, 50 cents; grade B, 38 cents. Formerly these prices were 31, 49, 38 and 38 cents per dozen respectively.

Hotel Planned For Beverly

Hotel costing an estimated \$150,000 will be erected in Beverly, first in the town's history.

Announcement of the project was made today by Norman S. Hoffman, former Toronto merchant. The hotel is being financed by the local businessmen.

It is expected the structure will be put into operation early in 1950.

The hotel will have 10 bedrooms, a bar, a lounge, a restaurant, a men's and women's barbers and spacious rest rooms.

Parking space, capable of accommodating 50 to 75 cars, will be provided.

Late News Flashes

Lilienthal Quits Atom Post
WASHINGTON, Nov. 23.—(AP)—David E. Lilienthal resigned today as chairman and a member of the United States Atomic Energy Commission. The resignation is effective Dec. 31. The White House announced the resignation.

Alberta 'Phone Employee Killed
LETHBRIDGE, Alta., Nov. 23.—(CP)—Joseph Edward Fooks, an Alberta Telephone employee from Medicine Hat, was instantly killed today ten miles east of Taber when the truck in which he was riding went out of control and upset.

Race Measure in House
OTTAWA, Nov. 23.—(RUP)—The Commons gave first reading today to a bill making industry liable to fines up to \$1,000 for racial discrimination against employees.

Combines Act Change Approved
OTTAWA, Nov. 23.—(CP)—The Commons today gave second reading—approval in principle—to a bill amending the Combines Investigation Act. After members had twice unsuccessfully tried through amendments to censure the government for its handling of the combines report on the Flour-milling industry.

Lawyer To Defend Wallace
CALGARY, Nov. 23.—(CP)—Edward J. McCormick, Calgary lawyer, will defend William Lee Wallace, 42, charged with the murder of Yvonne Levesque, 34, in the Inglewood Auto Cabin, East Calgary, Aug. 11.

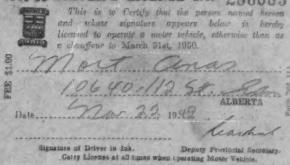

Grain Delivery Anywhere OK'd
WINNIPEG, Nov. 23.—(CP)—Farmers now may deliver wheat, oats and barley to any elevator where space is available, regardless of points specified in permit books, the Canadian Wheat Board announced today.

U.S. Has Baby Atom Bombs

LONDON, Nov. 23.—(UP)—The Daily Mail reported from Western Union military headquarters at Fontainebleau, France, today that the United States had developed a "baby" atom bomb for tactical use in close support of troops.

"This bomb, which could be dropped by close support artillery against tanks and infantry without causing widespread devastation, is a major step in strengthening the defence of western Europe," Mail correspondent J. Selby Bradford said.

Bradford said the new bomb probably did not weigh more than 250 pounds.

"Enough of these bombs already have been made to insure that the front line of western Europe defence could be adequately protected at the start of another war," Bradford said.

Manitoba's healthy muskrats aren't having anything to do with their plague-carrying brothers from northern Ontario. And just to make sure they don't, Manitoba is putting up a five-mile-wide buffer area which will be trapped to keep the Ontario muskrats out.

Table Manners

Cian MacKintosh doesn't stand on ceremony when it comes to standing at tables. At a recent dinner in London, Rear Admiral the MacKintosh or MacKintosh, C.B., D.S.C., kicked the silverware aside and drank a toast in the traditional clan manner—with one foot on the table and one on his chair.

Literature

University of California will be permanent custodian of the Mark Twain papers, one of the most valuable collections left by any major writer in North America. Only living daughter of the humorist, Clara Clemens Samuelson, will turn the papers over to the university for safe keeping.

Cold War

An Austrian newspaper says 2,600 to 2,800 Soviet fighter and bomber pilots have been stationed in Hungary. Paper added that the Reds also are setting up rocket launching platforms in Matra mountains. The newspaper, organ of the Austrian People's Party, says all developments indicate increased communist pressure on Yugoslavia.

Forgiven Elopers Use Stolen Wedding Rings

ORANGEBURG, S.C., Nov. 22.—(UPI)—A teen-aged eloping couple, who stole the rings for their wedding, honeymooned today thanks to a forgiving jeweler.

Sever Mello, grand owner of the jewelry store from which the rings were taken, dropped grand larceny charges against the teen couple today. He said they "were only trying to follow a decent tradition and just got off on their own feet."

Mello drove the couple to the parsonage of the First Baptist Church, where the Rev. J. M. Lane performed the ceremony. The couple used the same rings valued at \$100, which they had taken from Mello's store.

"The parents bought those same rings from me," Mello said.

Tofield Twins Told Not 1st

SAID NOT 1st. Tofield twins born last Thursday were reported today to be in continued good health.

Matrons of the Tofield hospital reported they were doing as well as normal babies. In the meantime, the young parents carried out the normal procedure of feeding the babies, their first children. They are Beverly and Brenda.

The children are daughters of Mr. and Mrs. Bud Townsend. Despite the fact that the Dominion Bureau of Statistics lists the Townsend children as the only Siamese twins born in Canada, an earlier report had said they were born in the United States in 1925.

Mrs. Mary Connolly of 1064-124 street, today told the Bulletin she remembers another set of Siamese twins born to a German immigrant family in Grassy Lake area in 1925.

"The kiddies died shortly after being born, I attended a wake they had for them," Mrs. Connolly said today. "That was back in 1925, the youngsters were born at the breastbone but didn't live very long."

Mrs. Connolly said she couldn't remember the name of the family.

At any rate the MVR was willing to take my word for it that my mathematics friend was a fitting candidate for a driver's license.

But I couldn't help thinking that it's about time to start testing drivers and inspecting their cars. Otherwise there are going to be a lot more dead ducks littering our highways.

Bans On Trucks Discriminatory

Truckers' Group Alleges Rules Protect Railways

OTTAWA, Nov. 22.—(UPI)—The trucking industry yesterday told the Royal Commission on Transportation there is "discrimination" against highway transport in Canada.

The Canadian Automobile Transportation Association entered these complaints:

1. Commercial truckers are barred from haulage of food grains from lake ports to inland points on which the Federal government pays a subsidy to farmers under a feed-grain assistance policy.

2. A ban on through buses by way of national parks restricts commercial motor vehicles "intended to protect the railways."

3. Trucks are barred from carrying most forms of alcoholic liquor from the United States into Canada.

John Magee of Toronto, executive secretary, delivered the brief for the CATA, which represents federations in its province with a membership of 5,000 trucking firms.

Another association witness was John Taylor of Calgary, second vice-president, who told the commission the bar on through-trucks in national parks had restricted highway transport between Alberta and British Columbia.

In reply to earlier railway contentions that truck transport is economic only over relatively short distances, he declared that in Alberta trucking lines operate on routes up to 735 miles. He said also a line operates from Great Falls, Montana, to Fairbanks, Alaska, a distance of 2,522 miles.

Independent Canada, Is St. Laurent's Aim

OTTAWA, Nov. 22.—(UPI)—Prime Minister Louis St. Laurent expressed the hope last night Canada will have achieved "full nationhood" by the end of 1950.

Speaking on a CBC national broadcast, Mr. St. Laurent outlined briefly what the Liberal government had done to make Canada an independent nation "in form" as well as "in fact."

The prime minister said it had always been the Liberal view that the federal parliament by itself had the right to secure amendments to the constitution in matters exclusively of federal concern. The federal parliament recently asked the British parliament to pass an amendment to the BNA act giving the federal parliament that power.

Whether the federal and provincial governments could finally agree to a procedure for amending the constitution in all respects, he said, will depend on the good-will

and statesmanship of the provincial and federal governments. They met in Ottawa Jan. 30.

"I hope," he concluded, "that by the close of 1950, Canada will have assumed all the attributes and responsibilities of full nationhood."

Housing Talks Ready in B.C.

VICTORIA, B.C., Nov. 22.—(UPI)—Provincial authorities today prepared for housing conferences with municipal representatives after the B.C. cabinet approved a dominion-provincial housing agreement.

The agreement, worked out by Premier Byrnes and federal authorities, provided for a three-to-one sharing of costs with the federal government to pay the larger share.

Johnston yesterday announced a series of four conferences with towns and cities throughout the province.

He said the talks would determine the extent to which municipalities would join in the scheme. "It is envisioned that large blocks of houses will be built at the lowest cost obtainable under the system of granting large contracts," Johnston said.

WEST CAPTURES BULK OF CATTLE TROPHIES

TORONTO, Nov. 22.—(UPI)—Even if Calgary Stampeder doesn't win the Grey Cup in Saturday's football final, westerners still have a bagful of Royal Winter Fair cattle trophies to take home.

Western Canada farmers predominated in cattle judging at the fair yesterday. William Harrison of the Sask. won the Shorthorn trophy donated by the Shorthorn Society of the United Kingdom.

Richardson Stock Farms of Winnipeg won reserve positions in the junior and grand championships in some divisions of the same breed.

Grand champion female shorthorn was shown by G. A. Crawford of Nanton, Alta., whose sweep was described by stock men as one of the cleanest in fair history.

Grand and senior championships in the dual purpose female shorthorn classes went to H. M. Atherton of Nantkewick, Ont. The United Kingdom special prize for dual purpose shorthorns was won by Kilgour Wilson of Leachville, Que.

In female Hereford classes, senior, junior and grand champions were shown by W. A. Crawford of Nanton, Alta., whose sweep was described by stock men as one of the cleanest in fair history.

Science turned their backs on the target

Science is playing an increasingly important role in Canada's new Army. In heavy anti-aircraft, for example, complex radar equipment predicts to within a few feet exactly where the target is and will be. The gunners, their backs to the target, fire with amazing accuracy by instrument.

Training men in the use of modern scientific equipment is a major requirement in Canada's new Army. Thousands of young men are attending some of the

finest schools in the country, specializing in electronics, radar, radio and telephone. In addition, there are openings for clerks, drivers, mechanics and many other trades.

New higher pay, good food and quarters, trade training and the opportunity for advancement make the Canadian Army Active Force one of the most attractive careers open to young men today. You are eligible if you are 17 or over and can meet Army requirements. Visit your nearest recruiting office soon for full details. Bring certificates of birth and education with you.

7,000 Immigrants Coming to Alberta

Latest Influx Will Bring Total of 19,000 in 3 Years

Alberta is expected to welcome at least 7,000 more British immigrants next year, provincial economic affairs minister Hon. A. J. Hooke said today.

The minister said he was basing his estimate on the number of inquiries received at office of the Alberta agent-general in London.

Between 11,000 and 12,000 British have come to Alberta in the last two years.

Mr. Hooke said that devaluation of the British pound has not lessened desire of Britishers to settle in Canada. On the contrary, interest seems to have been quickened as a result of devaluation, he said.

British industrialists are also becoming more interested in establishing plants in Alberta, where it is considered by Old Country business leaders there is a bright future for private enterprise.

PEACE RIVER LAND ASKED FOR LEASES

Demand for oil reservation permits in north-central Alberta continues in near-record volume.

Provincial government officials said today reservations to be announced this week alone will exceed 1,300,000 acres.

Great exploration and drilling permits in north-central Alberta are indicated for the Peace River area where several major oil companies have decided to expand operations early in the new year. First production oil well in the Peace River was brought in a few weeks ago.

Government oil officials say that steady demand for reservation permits clearly indicates that oil activities in the province will be fully maintained in 1950.

Officers which will be named at a meeting next month: P. E. Poirier, J. O. Pilon, M. Lavallee, P. A. Stortee, J. M. Fontaine, T. A. Gurnea, M. Triller, L. Belhumeur, A. Berbo, J. Van Brunt, J. W. Beaudry, L. Normandeau, M. Chevrete and Dr. G. Coyote.

AND IN BRIEF

Fishpole Bandit Strikes Again to Net \$4.00 In Cash

Edmonton's fishpole bandit struck again last night netting \$4 in cash after hauling a pair of pants through an open window.

Latent victim was Fred Kosopka of 1000-108 avenue, who told police the pants and wallet were found outside the open bedroom window beside a long pole with a nail stuck in the end.

Seventy-fifth anniversary of the arrival of North-West Mounted Police here was marked by a meeting of the Historical Society of Alberta at the University Tuesday. A number of lantern slides portraying police scenes and personnel was shown by Ernest Brown, and a paper on the coming of the Mounties to Edmonton and Fort Saskatchewan was read by W. E. Howard, Edmonton, secretary to the society.

Condition of Adolph Mett of 9014-102 avenue in Royal Alexandra Hospital after being attacked by strong-arm thugs Monday night is "good."

Authorities report that the man is suffering from cuts to the head and bruises to the right eye.

"Inside Europe Today," will be the subject of a talk by Mrs. Kimball, to be given at a public meeting in the Memorial Hall, Sunday, at 8:15 p.m. Polish music and films will also be presented.

Edmonton's municipal golf course closed Monday after a record season. During the 230 days it was open the course took in \$20,173, which topped by \$1,500 the previous record receipts of 1947, when \$18,682 was grossed.

Last year's receipts were \$17,815.

SODA-JERKING is becoming lost art, says J. H. Stafford of Toronto, who arrived here today and quickly ordered a malted milk with ice cream. And he should know. He's man responsible for syrup bases and sundae sauces.

Manufacturer Takes City Folk to Task

Edmontonians don't eat enough ice cream. That's the opinion of J. H. Stafford, president of a Toronto firm which whips up the sauces for ice cream sundae.

Mr. Stafford, from the company of the same name, is at the Macdonald looking into the possibilities of establishing a new warehouse branch here.

Says Mr. Stafford, "Edmonton is the last growing city in the west. Saskatchewan is going nowhere, nor is Winnipeg. This town, though, is not going places."

So Mr. Stafford brought E. Y. Holt here from Winnipeg to check on warehouse possibilities. Mr. Holt would head the new Stafford branch here.

Mr. Stafford figures Edmonton people eat less ice cream than anywhere. "You've got a lot of big working men here," he said. "They just don't go in and eat sundae. There should be less here drinking and more milk shake drinking."

Mr. Stafford's aim is to make Edmonton ice cream conscious. He says that 65 per cent of all ice cream cones sold in Canada are sold within a 100 mile radius of Toronto.

Bad Cheques End in Jail

Charges that gambling clubs were running wide open at Edmonton and Calgary in defiance to police were made here today in police court.

Making the allegations was a man found guilty of 19 charges of false pretences and sentenced to jail for two years.

He was McDonald, Spotswood, no fixed address, who made the allegations before Magistrate A. I. Miller.

Between October 1 and Oct. 11 the man had cashed worthless cheques totalling \$205.

Court learned Spotswood went on a Bender recently during which time he claimed he cashed the cheques to patronize the gambling clubs.

Worker Falls From Scaffold

Tops Speed of Sound Often in Level Flight

MURGO DRY LAKE, Calif., Nov. 23.—(BUP)—The Douglas Skyrocket, a rocket-and-jet powered airplane, has approached 800 miles an hour and routinely exceeds the speed of sound, the navy reported today.

The needle-mounted, swept-wing plane "has repeatedly exceeded the speed of sound in level flight," the navy said. "Investigations are being conducted in the flight range between sea level and 40,000 feet." Sound travels at approximately 760 miles an hour at sea level under normal atmospheric conditions. It is less than 600 mph at 40,000 feet. It is believed the plane is designed to travel at speeds exceeding 1,000 miles an hour at high altitudes.

Douglas' chief test pilot Gene May, a 45-year-old grandfather who has flown the Skyrocket 85 to 70 times and breaking the barrier of sonic flight has become routine for him.

"As a matter of fact, there is no barrier for properly designed aircraft," he said. "It's not rough at those speeds—the average person couldn't tell when the plane hits the supersonic range. An experienced pilot gets the same reactions he gets in slightly turbulent air. Above the speed of sound, it's smooth out."

May said he has "climbed into the trans-sonic area" as well as "crushed it in level flight."

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—Happy sounds of tapping feet are again coming from the Eleanor Powell bungalow, long a landmark at MGM studios.

The boards are once more groaning under the onslaught of the long-stemmed tapster.

Miss Powell has returned to the studio where she once reigned as a musical queen. She was away seven years, during most of which she was merely Mrs. Glenn Ford, wife of the Quebec-born star.

That begins another chapter in the career of the Springfield, Mass., dancer who has travelled from ballet to be-bop.

"I studied ballet for 13 years," she recalled. "No ballet was everything. But then I tried out on Broadway before such producers as George White, Phil Ziegfeld and Earl Carroll. 'Very nice,' they said. 'But can it pay?'"

"So I invested \$35 on 10 tap lessons. Those were the only lessons I've ever had and I've been tapping ever since."

In a RUT
After starting in many Broadway shows, she came to Hollywood in 1932 and repeated her success in films. After several years of hits, she found herself in a rut.

"The 'Miraculous' Powell dance style got to be the dam-burned sort of thing," she told me. "I had to give the sock-suck-out in every number."

"I would start out with a fast number, follow with a slower one and keep punching harder until at the end of the picture they'd be out of a can."

She left MGM in 1942. She did one outside film, "Sensations of 1943," but it turned out not to be. Marrying film newsmen Glenn Ford, she put away her tap shoes for an apron. Little Peter Ford completed the family scene.

After giving a run-out of the Marines and established himself as a screen star, Eleanor's top shoes led to life. She did a couple of high club turns and appeared triumphantly at the London Palladium.

One night the Fords were out socially with the Joe Pasternaks

ELEANOR POWELL

... Back to film.

when the producer suggested a film return for Eleanor. She laughed it off and forgot about it. But Pasternak persuaded. He conquered her fear of returning the old haunts and signed her to appear in "Duchess of Idaho."

"It's just a brief appearance in the picture," she said, "but it's handled very well. Van Johnson introduces me at a night club. Then he looks right at the movie audience and says, 'Would you like to see Eleanor Powell dance again?'"

"The audience's reaction to that will determine whether or not I do more pictures."

In ancient Egypt it was the custom to assist the heads of guests when they entered the house where they were to be entertained.

Fewer Houses Are Started But Many Built in 1949

OTTAWA, Nov. 23.—(CP)—Canada's house-building parade swept ahead in the first eight months of this year, with a total of 35,433 constructed, an increase of 12,000 over the same period last year.

However, starts on new homes, said the bureau of statistics today, are lagging. In the eight-month period starts were made on 37,440 units, compared with 40,440 last year.

Completions were more numerous in all provinces except British Columbia, the bureau said.

ONTARIO IN LEAD
Ontario took the lead, both in the number of dwellings built and new ones started, completing 20,053, compared with 16,274 last year.

Of the total 35,433 completions, 42,400 were the one-family detached unit.

Dorothy Lamour Defends Girls in Scanty Costumes

By Virginia MacPherson

HOLLYWOOD, Calif., Nov. 23.—(UP)—Dorothy Lamour, who knows a thing or two about being a "half-dressed glamour girl," said today it makes her mad when people lambaste girls because they look good with not much on.

"All of a sudden," said the lady who filled a nation to overflowing, "it's the style for a lot of ill-assured characters to make verbal assaults on screen glamour girls."

And what, Dottie would like to know, is wrong with glamour anyway?

CIVILIZED SEX
"It's just sex that's civilized," she said. "Do these people think they can make THAT unpopular by sneering at it?"

Lady Astor, a one-time glamour girl herself, started to trend a few days ago with a loud blast out of London against Hollywood's "wretched" movie queens.

As for herself, she said, she's getting fed up with all these holier-than-thou critics.

"A pretty girl, tastefully posed in a scanty costume, is a thing of beauty," Miss Lamour added. "It is even a sort of cultural achievement."

"I've donated several of my scarves to museums who they wanted them to add to the cultural level of their collection."

"I'm not getting all riled up because I used to go around half-dressed. I never did think I looked good in a sarong, anyway. My hips are big, my feet aren't pretty and my shoulder bones stick out."

MEN DISAGREE
"That's Lamour's opinion. Twenty million men disagreed with her. And she earned her houses millions of dollars cavorting through jungles in a few square inches of colored sail."

"But I certainly never considered myself 'wretched,' Dottie added. "And it makes me mad to be called that."

"I'm not talking about nudist. That's bad taste and Lady Astor would be right criticizing us if we were to be entrained."

Prince George, 1 (108); Prince Rupert, 6 (7); Trail, 204 (67); Vancouver, 2,775 (2,409); Victoria, 651 (821).

HEDY IN NUDE OK IN MOVIE, NOT IN POSTER

COPENHAGEN, Nov. 23.—(Reuters)—The Danish Illustrators' Association is complaining because Danish film censors who passed the pre-war Czech film, "Ekstase," in which Hedy Lamour is seen bathing in the nude, have banned two "naked" posters advertising the film.

Jet Liner Sets Speed Record

TORONTO, Nov. 23.—(BUP)—The North America speed record for transport aircraft was broken here yesterday when an Avro jetliner exceeded a true airspeed of 560 miles per hour.

A. V. Roe Ltd. builders of the liner, said it probably would be flying passengers on commercial routes by 1952.

PC Try at Killing Pipeline Bill Fails

Six-Month-Delay Amendment Is Voted Down in House

OTTAWA, Nov. 23.—(HUP)—Progressive-Conservative attempt to kill a western pipeline bill defeated last night in the Commons. But the opposition kept their filibuster alive by moving a fresh amendment.

The measure would have shelved the bill for six months. It was defeated 132 to 44.

Angus MacInnis (CPC-Vancouver East) immediately moved another amendment to shelve the bill until the commons was assured the bill would follow an all-Canadian route to Vancouver.

The opposition based its objection to the bill on the belief the pipeline would run from Alberta gas wells into United States, with a branch line built to carry any surplus back to Vancouver.

THREE HOURS ON BILL

The bill would incorporate Prairie Transmission Lines Limited. On the vote, PC's, CCF, J. L. Gibson (Ind.—Comox-Alberni) and George Cruikshank (Lib.—Fraser Valley) opposed the amendment. Immediately after division, debate continued on motion asking second reading—approval in principle. The bill has failed seven times in the past but approval has been gained each time it came up.

Douglas Harkness (PC, Calgary East) said parliament should not grant incorporation charter to a group merely because it could show financial bona fides.

ROUTE QUESTION

The question of route of the pipeline was the most important consideration, he said. The law proposed by Prairie Transmission Lines was to run mostly through United States from Alberta before reaching the Vancouver area. Harkness noted. It should be guaranteed by law a company would have to construct on Canadian soil and that Canadian needs would be met before export, he said.

WANTS ROUTE SHOWN Harkness said he understood Prairie Transmission Lines was prepared to run its line through southern B.C. instead of the U.S. "if that is necessary to get a charter." He doubted such a route had been approved. A pipeline in that area would be "a very impractical proposition" on Canadian soil, he

added. It would have to be built farther north.

If the line were built on American territory, Harkness said, there would be a drain on Canada's supply of U.S. dollars.

Construction on Canadian soil would be an impetus to industries in the west, he said. Also, gas would be cheaper in Vancouver than if it detoured through the U.S., he added.

China Recognition Is 1950 Matter

OTTAWA, Nov. 23.—(HUP)—Canada will almost certainly not recognize the Communist regime in China before the end of this year. Prime Minister Louis St. Laurent said today.

The prime minister said he felt recognition would be given only when "certain conditions appear to exist" in China.

Gov't Censure Move By Tories Ruled Out

OTTAWA, Nov. 23.—(CP)—A new Progressive Conservative attempt to censure the government for its handling of a Combines Investigation report into the flour-milling industry today was ruled out of order in the Commons.

Less Food For Export

WASHINGTON, Nov. 23.—(CP)—Canada told the food and agriculture organization of the United Nations she no longer has a heavy surplus of food for the export market.

Agriculture Minister Gardiner yesterday took exception to F.A.O. documents picturing Canada as a major exporting power. That impression, he said, is not true today, though it may have been true in the wartime and post-war periods. It was necessary only to look at the declines in Canadian exports of cheese and pork to see the disturbing decline in Canada's food production and exports.

It would be misleading, he said, if the F.A.O. thought that "because the Canadian people had greatly increased production during the war and made large food surpluses available for export, in partly deriving themselves, that this same state of affairs existed today."

Kwangsi Capital, Kweilin Falls To Chinese Reds

HONG KONG, Nov. 23.—(UP)—Authoritative Chinese reports said last night that Kweilin, evacuated capital of Kwangsi province, was captured early today by the Communists.

These reports said that Gen. Pui Chung-Hsi, Nationalist commander in southwest China, had hurried back yesterday from Chungking to Kwangsi to take stock of the menacing situation. Kwangsi province, on China's south coast, lies across the sea routes linking dwindling Nationalist China with the sea.

U.S. Navy Pinched For Ready Cash

WASHINGTON, Nov. 23.—(UP)—The navy is considering sale of its two giant 16-passenger Constitution transport planes to private commercial lines. It was learned today.

The navy has found that the four-engine, double-decker transports are too expensive to operate under its reduced budget.

Mrs. Gandier To Arrive For Meeting

Mrs. S. H. Gandier, provincial commissioner of Canadian Girl Guides, will arrive from Charlottetown for a meeting Thursday.

Meeting of the provincial executive will take place at the YWCA Thursday at 3 p.m.

Mrs. Gandier, who moved from Edmonton to Charlottetown early in the fall, will visit friends in the city while here.

MUSEUM OF ARTS building will be the scene of a tea Saturday at 3 p.m., sponsored by the Edmonton Women's Teachers' Club. Proceeds will go towards sending parcels to Britain.

Short talks will be given by H. Dentler, South Africa; Miss Anne Murray, England; and Lillian Knight, Edmonton.

THREE WEEKS visit in Edmonton is finished for Mrs. W. L. Nixon and small son, Roddy, who have returned to their home in Calgary. While in the city they were guests of the former's mother, Mrs. James Nuttall.

THREE HUNDRED guests are expected to attend a banquet and dinner tonight when the Social Club of the Northern Alberta Dairy Pool entertains at its annual affair. It will be held in the main dining room of the Macdonald hotel at 7 p.m. with Aubrey Depeux as chairman.

Special guests will include Russell Stanley, general manager, and Mrs. Stanley; P. W. Mallick, of Inverness; NADP executives; and Mrs. H. A. Ferguson and Mrs. A. Isaac.

HUNDREDS of dancers danced to polka music last night when the Friendship Club were entertained at the recreation building.

Party was planned by members of Students' Wives Club of the University and Happiness and Farm Women's Union of Alberta, Namsa branch.

Mrs. Donald McVay, Mrs. C. A. Craig, Mrs. C. P. Noble and Mrs. H. Hawes were in charge of arrangements for the affair.

ATTENDING the Boyle-Turcotte wedding today were Mrs. Pat Sandberg, Calgary; Dr. and Mrs. Gilles Avette, Bonnyville; and James H. Boyle, Canmore.

Mrs. L. Wize Is New Guild President

Mrs. L. E. Wize was elected President of Canadian Handicraft Guild, Edmonton branch, at the annual meeting yesterday.

She succeeds Mrs. Anna Douglas in office.

Other elected to executive positions include Mrs. Philip Jean first vice-president; Mrs. A. L. Miller, second vice-president; Mrs. H. V. LeRoy, third vice-president; Mrs. A. E. Ottewill, fourth vice-president; Mrs. H. H. Sandin, Mrs. Donald Cameron, Mrs. Jack Hinton, Mrs. D. E. Yanda, Mrs. D. C. Hall, Mrs. George Kelle, Mrs. Clara Heidy, Mrs. K. L. Howe, Mrs. P. M. Sailer, Mrs. C. C. Aicher, executive committee.

Positions of secretary and treasurer have not been filled to date.

Nominating committee Mrs. A. L. Miller, Mrs. George Kelle and Mrs. K. L. Howe presented the slate. Harours are Mrs. J. C. Bowen, Mrs. W. A. H. Kerr, honorary president; Mrs. E. Underwood, honorary vice-president.

SOCIAL and PERSONAL

LOVELY BRIDE of this morning, Marie Lucille Turcotte was married to Francis Leo Boyle in a ceremony at St. Joachim's Church. Rev. P. Jean Patinoe, OMI, officiated.

Marie Lucille Turcotte Weds Francis Leo Boyle

Ivory satin frosted with lace fashioned the traditional wedding gown chosen by Marie Lucille Turcotte for her marriage to Francis Leo Boyle.

The marriage took place this morning at ten in St. Joachim's Church. Rev. P. Jean Patinoe, OMI, officiated. The bride's dress was a lovely gown, styled with a full skirt falling gracefully in a simple train. The light-colored blouse was self-bellied to the waist, and featured a high round neck and tiny pearl sleeves.

Entered the church on the arm of her father, the bride wore a small cap of matching lace, the bride's train-length veil of silk net. Single strand of pearls was her only ornament, and she carried a cluster bouquet of white button mums and white roses, centred by a large pink rose.

LACE APPLIQUE TRIM
Wide bands of lace applique trimmed bodice and skirt, and a Dutch cap of matching lace caused the bride's train-length veil of silk net. Single strand of pearls was her only ornament, and she carried a cluster bouquet of white button mums and white roses, centred by a large pink rose.

Satin frocks in shades of turquoise blue and coral were worn by the bridesmaids, Miss Pauline Turcotte, cousin of the bride, and Miss Madeleine Turcotte, sister of the bride.

Her man was James H. Boyle, and the guests were ushered by Jack Birch and Gerald Fitzpatrick. For her daughter's wedding, Mrs. Turcotte chose a blue fall crepe dress with black velvet hat and cascade of tulle around her waist. Mrs. Boyle wore a black ensemble complemented by garnet roses in her cascade.

Hats to twinkle in a winter night ★ ★

Five lots of velvet, velour or fur felt to hug your head with flattery... to rise gracefully from the collar of your coat... to defy icy blasts. Choose a gay little cloche or elegant simple. All the popular new colors and black.

Mrs. Soper Pledges Faith in Socreds

Lauds Convention Spirit: Says Enthusiasm Mounting

By Pat McVean
Banff, Alta. News Service

CALGARY, Alta., Nov. 23.—Alberta's Social Credit government hasn't wavered from the principles it pledged at the last Social Credit party convention nearly 15 years ago. That is the belief of Mrs. P. Soper, Alberta.

Noted Lawyer To Be Guest Speaker At Open Meeting
Clark of the court, Alfred Simpson, K.C., will speak on "Some Comments on Legislation Under the Control of the Social Credit Party" at an open meeting of the Social Credit Party on Thursday night.

Meeting will be held at St. John Ambulance Home, 2840 39th street at 8 p.m.

Mrs. J. M. Simpson has arranged the program.

Mr. Simpson will speak on "Some Comments on Legislation Under the Control of the Social Credit Party" at an open meeting of the Social Credit Party on Thursday night.

President Mrs. Kate Lyons will conduct the meeting.

RE-SHARED POLICY
Although the Social Credit government has had to re-share some of its policies because of federal intervention, the government believes that it is still the best policy for the province.

Wildcat Near Redwater

By Don Flach
Following spectacular success of Imperial Simons in extending the Redwater field to the southeast, a Toronto firm, Spike Redwater Oil Co. has completed arrangements for another wildcat test still further east, onto the location by Reginald Drilling Co.

The well will be drilled on section 25-56-10W4, about 10 miles directly east of the Simons success, and three miles north and east of Redwater.

In the Redwater field, Gulf is preparing to complete three more wells. Skinning No. 2 has been bottomed at 3,300 feet and is preparing to sidetrack. Rigway No. 4 and No. 5 are preparing to start and test.

Northwest of Edmonton Gulf Michel No. 4 is drilling at 4,181 feet in time. Tests at this well so far have failed to make a show. Gulf Atlas, about 60 miles north of Edmonton, is drilling at 3,401 feet.

Thirty miles south of Stettin Gulf Union has failed to find a show in 6,500 feet of drilling and is being abandoned. At Stettin, Gulf Atlas No. 6 is coming at 3,161 feet and is expecting to make a show. Gulf Atlas, about 60 miles north of Edmonton, is drilling at 3,401 feet.

At Pincher Creek, Gulf Fred Schumann is making another attempt to sidetrack the top of the Madison formation today at about 22,600 feet.

Location has been staked for another try in the Edmonton area. New Venture will be drilled on 24-5 of section 15-51-24W4, same section in which New Pacific and Alberta Oil Leaseholders have already found Lower Cretaceous production. Site is one-half mile west of present production, and back of the well will be Chief Redwater. Pacific and Alberta Leaseholders all continue.

Redwater northwest extension SCAP No. 5-17 has been bottomed and rig released. It is now being prepared for production. CAP No. 4-23 to the northeast of present production is being bottomed at 4,325 feet and preparing to run casing.

Princess 16-25, on the west flank is preparing to run test with the bottom at 2,260 feet, 19 feet in the 12. One mile to the south Pacific Central is drilling about at 2,148 feet.

Royalton Consort is drilling at 2,525 in Limestone.

In the Queen Charlottes, freighter moving equipment across the strait for Royalton's test well on Graham Island has successfully completed its second trip and has returned to Prince Rupert for the third and last load of the 500 tons of equipment shipped for the test.

In the Leduc field, York No. 1 on 14-16-35-20W4, has yielded to 200 feet and is expected to run surface casing this afternoon.

At the south end of the field, Pacific Western Leduc No. 1 is testing in the 12 at 5,136 feet. Leduc-Cum PCMC is drilling at 5,501 feet.

Hargis No. 3 on 14-16-35-20W4 is drilling just under 2,000 feet.

Poultry Production Unchanged From '43
OTTAWA, Nov. 23.—(CP)—The Bureau of Statistics reports the number of poultry produced in Canadian farms at June 1, 1943, 72,639,300, practically the same as at the same date last year.

Domestic fowl—hens, cocks and chickens—totalled 60,631,000, compared with 60,674,400 in 1943. The number of turkeys was 2,566,400, compared with 2,065,800 and geese totalled 424,300, compared with 390,300. Ducks totalled 317,000, compared with 406,400.
